Mouser Announces Expanded Partnership and Portfolio with Hittite Microwave Products from Analog Devices

December 8, 2014 – [Mouser Electronics](http://www.mouser.com), Inc., a leading global distributor and developer’s top choice for semiconductors and electronic components, today announced that they have expanded their strategic partnership and worldwide distribution agreement with [Analog Devices](http://www.analog.com) (ADI) to include ADI’s recently acquired RF and microwave products from [Hittite Microwave](http://www.hittitemicrowave.com) – marketed as “Hittite Microwave Products from Analog Devices”.

The Hittite Microwave Products from Analog Devices apply analog, digital and mixed-signal semiconductor technologies, used in a wide variety of wireless & wired communication and sensor applications, for [automotive](#), broadband, cellular infrastructure, fiber optic, microwave & millimeter wave communications, military, space and [test & measurement](#) systems

The [Hittite Microwave product line](#) available now from Mouser Electronics, includes high performance microwave, [RF](#), and millimeter-wave products and subsystems, capable of operating over frequencies from DC up to 110GHz. Products include digital ICs, RF ICs, and monolithic microwave ICs, as well as state-of-the-art Gallium Arsenide semiconductor devices.

To learn more about the Hittite Microwave Products from Analog Devices, visit Mouser Electronics’ supplier page at <http://www.mouser.com/hittite-microwave/>.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What’s Next in advanced technologies. Mouser offers customers 20 global support locations and stocks the world’s widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics’ website is updated daily and searches more than 10 million products to locate over 4 million orderable part numbers available for easy online purchase. Mouser.com

also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 4 million products online from more than 500 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 400,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.
